BVD Trojan restrictions Veterinary Surgeon Declaration Supplementary Form

Animal Group (Herd) Number					
Herd owner name and address					
Animal ID	Pregnancy diagnosis examination Date*	Stage of pregnancy*	Blood sample (antibody testing) date and result. Please enclose lab results form if results have not been uploaded to the BVD database.	Was blood sample for antibody testing taken before the current pregnancy?	Pregnancy detected following examination (Yes/No)

*Note: Milk progesterone testing or other blood/milk pregnancy tests (eg pregnancy associated glycoproteins) are not acceptable, as the date of insemination cannot be determined from them reliably.
